Recommendations

1) Move hiring effort toward Referral, LinkedIn and Indeed. and 2) Diagnose why Job Fair and Google Search hires leave before cutting anything.

Recruitment Insight

Hires from Google Search leave at 61%, versus 16% for Employee Referral hires. Shift hiring spend toward the lower-attrition channels.

Attrition Insight

Production has the highest separation rate (40%) and holds 67% of employees.

Retention Insight

41% of leavers go within 3 years (median 3.4 yrs). Top exit reason: Career & Pay (38% of exits). Focus retention on the first three years.
